

Wapato School District Short Version Promising Practice

Event: Mentor/Mentee Program

Target: High School

Purpose: The Mentor/ Mentee Program will serve as part of a dropout prevention program.

Activity: Each mentor will work with a group of students from an advisory class. The mentors will provide tutoring support for reading & math, lessons during their advisory period to provide information to the students about preparing for the WASL, preparing for college, and assist with giving them advice towards the importance of high school.

Results: see a decrease in dropout with students.
